

**Form E-1**

**USE ATTAINABILITY ANALYSIS (UAA)  
FOR  
PRIMARY & SECONDARY CONTACT RECREATION**

Waterbody Name: Potter's Lake HUC: 10270104

Basin: Kansas Lower Republican Segment:

Location (Legal): SW 1/4 SE 1/4 Sec. 36 Township 12 Range 19E Quadrangle

Evaluators: Carney, Chamberlain Date: 07-03-01

Site Location Map or attach photographs:

The evaluator is encouraged to add comments and observations which will aide in making decisions about the site.

1. Direct evidence of:

Primary contact recreation activities? \_\_\_\_\_ Yes   X   No

Secondary contact recreation activities?   X   Yes \_\_\_\_\_ No

If people are observed recreating in the water, or if direct evidence exists of primary and/or secondary contact recreation, then primary and/or secondary contact recreation are considered existing uses. Types of direct evidence might include rope swings, campfire rings, boat ramps or other constructed or evident points of access.

COMMENTS:   Observed several "cleared" areas around shore used for fishing, many people use lake for picnicing and recreation, lake known to be used for harvesting of mussels and plants  

2. Sufficient water to support primary contact recreation?   X   Yes \_\_\_\_\_ No

An average depth of at least 0.5 meters or a maximum depth of at least 1.0 meter at base flow conditions is considered minimal for primary contact recreation. Base flow, as defined in K.A.R. 28-16-28b(f), means that portion of a stream's flow contributed by sources of water other than precipitation runoff. This refers to a fair weather flow sustained primarily by springs or groundwater seepage, wastewater discharges, irrigation return flows, releases from reservoirs, or some combination of these factors.

COMMENTS:   Maximum depth > 1.0 meter  

---

Primary Contact recreation use attainable  
Secondary Contact recreation use exists

**Form E-1****USE ATTAINABILITY ANALYSIS (UAA)  
FOR  
FOOD PROCUREMENT**Waterbody Name: Potter's Lake HUC: 10270104Basin: Kansas Lower Republican Segment: Location (Legal): SW 1/4 SE 1/4 Sec. 36 Township 12 Range 19E Quadrangle Evaluators: Carney, Chamberlain Date: 07-03-01Site Location Map or attach photographs:

The evaluator is encouraged to add comments and observations which will aide in making decisions about the site.

1. Direct evidence of:  
Food procurement activities?        X   Yes             No

For food procurement designation, note any evidence of fishing activities such as fishing lines, bait cans, etc. Indicate findings regarding food procurement in comment section.

COMMENTS: Fishing spots around shore observed, discarded bait containers and lures observed, lake is known to host mussel and plant harvesting by students and staff

Food Procurement use exists

**KANSAS USE ATTAINABILITY ANALYSES (UAA's) COMPLETED IN 2001**

Basin: Kansas Lower Republican

HUC 8 Number: 10270104

Lake Name: Potter's Lake

Classified in Kansas surface water register (1999): Retain: X  
Deletion Proposed: \_\_\_\_\_<sup>1</sup>

---

<u>USE DESIGNATIONS</u>	<u>1999 REGISTER</u>	<u>2002 PROPOSED</u>
Aquatic Life Use <sup>2</sup>	<u>E</u>	_____
Primary Contact Recreation <sup>3</sup>	_____	<u>P</u>
Secondary Contact Recreation <sup>4</sup>	<u>X</u>	_____
Food Procurement	<u>X</u>	_____
Irrigation Watering	<u>O</u>	_____
Livestock Watering	<u>O</u>	_____
Domestic Water Supply	<u>O</u>	_____
Industrial Water Supply	<u>O</u>	_____
Groundwater Recharge	_____	_____

<sup>1</sup> Comments: \_\_\_\_\_

<sup>2</sup> E = expected aquatic life use water.  
S = special aquatic life use water  
R = restricted aquatic life use water

<sup>3</sup> P means primary contact recreation.

<sup>4</sup> Secondary contact recreation was not delineated in the 1999 Register. Per 1999 Kansas Surface Water Quality Standards (KSWQS), all classified waters where no UAA had been completed were designated for secondary contact recreation use by default.

X = referenced lake is designated for the indicated beneficial use  
O = referenced lake does not support the indicated beneficial use
